

SIMATIC S7-400, interface module receiver IM 461-0 for central coupling without for PS transfer, with C-bus

Figure similar

| Input current                                              |                   |
|------------------------------------------------------------|-------------------|
| from backplane bus 5 V DC, max.                            | 290 mA            |
| Power loss                                                 |                   |
| Power loss, max.                                           | 1 450 mW          |
| Hardware configuration                                     |                   |
| Cable length between first and last interface module, max. | 5 m               |
| connection method                                          |                   |
| termination plug                                           | 6ES7461-0AA0-7AA1 |
| Dimensions                                                 |                   |
| Width                                                      | 25 mm             |
| Height                                                     | 290 mm            |
| Depth                                                      | 280 mm            |
| Weights                                                    |                   |
| Weight, approx.                                            | 610 g             |
